

TCfeline®

RAW DIET PREMIX for a homemade cat food

The *TCfeline* Raw Diet Premix formula is a source of essential, natural, and bioavailable nutrients to complete fresh, raw, boneless meat as a cat food.

The homemade cat food made with *TCfeline* by following the preparation instructions mimics the nutritional composition of a mouse and is recommended to be fed to cats of all ages as a staple diet.

Ingredients:

MCHA whole bone extract (bovine), gelatin (porcine), whey protein concentrate, taurine, whole dried krill (Atlantic), calcium carbonate, magnesium citrate, xanthan gum (natural thickener), Tocopheryl Acid Succinate (natural source Vitamin E), Vitamin A Palmitate, Vitamin D3.

Each 1.4 oz. by weight (approx. 1/4 cup volume) of this premix contains:

Moisture	2.32 %
Total Minerals	12.8 %
Protein	19.84 %
Fat	0.96 %
Taurine	2880 mg
Calcium	4840 mg
Phosphorus	1876 mg
Magnesium	216 mg
Sodium	160 mg
Potassium	52 mg

For freshness, re-seal pouch and store in a dry, cool place. Keep in the freezer for best preservation.

Preparation instructions for one "batch":

One "batch" yields
10 x 1/2 cup (4.5 oz.)
cat food.

1. Weigh 1.4 oz. (1/4 cup)
TCfeline premix powder.

2. Add 8 fl. oz. (1 cup)
cold water.
Whisk thoroughly.
Add 2 raw egg yolks
(optional). Whisk again.

3. Add 2 lbs. raw meat
without bone and
3.5 oz. raw liver.
Combine.

4. Divide into servings.
Feed on average 1/4 cup
(2.2 oz.) twice daily to an
adult cat. Freeze food for
storage and thaw
before feeding.

Product is packaged by weight. Please weigh individual portions for best results.

Instructions are provided as units of mass in ounces (oz.) unless otherwise noted as volume in cups or fluid ounces (fl.oz.)
